

## Lead Creative Schools Scheme: Call for Creative Practitioners

Ysgol Bro Dinefwr, Heol Myrddin, Ffairfach, Llandeilo, Carmarthenshire, SA19 6PE

**Budget:** £8,000 | **Project Duration:** Nov 2016 – May 2017 | **Application Deadline:** 03 Nov 2016

Ysgol Bro Dinefwr are inviting applications from Creative Practitioners (individuals / partnerships / studios / organisations) to work with a group of fifteen Year 8 boys (aged 12–13 at Key Stage 3) to identify a problem/issue/need in their community and develop design/product solutions to it. The aim of the project is to improve pupils' confidence and application of everyday numeracy skills through development and delivery of a 'real-world' project. At this stage the brief is relatively open to allow for Creative Practitioners to work collaboratively with the Maths & Numeracy Teacher and Design & Technology and Art Teacher and their learners to develop the project and its outcomes in more detail.

Ysgol Bro Dinefwr are keen that the project develops links with local industries and issues to explore how numeracy skills are relevant and applicable to 'real world' scenarios (e.g. tourism, agriculture, rugby (Scarlets - <http://www.scarlets.co.uk>) and manufacturers, such as Corgi - <http://www.corgisocks.com/general/about/> and Morgan Marine - <http://www.morgan-marine.com/index.htm>). The project's aim is to transform learners' attitudes and engagement levels through the creation of an exciting, creative and inspiring learning environment, within which the process of developing their numeracy skills may be achieved. Ysgol Bro Dinefwr are also interested in working with the Creative Practitioner(s) to find ways to engage parents in this process.

The Creative Practitioner(s) will also work with teachers and pupils to develop and deliver creative ways to document, and help evaluate (e.g. film, photography, video diaries, blogs) and also celebrate achievements.

### WHO WE ARE LOOKING FOR

We welcome applications from Creative Practitioner(s) (including individuals, partnerships, teams, organisations or studios) who have a background in design/product development and can demonstrate commitment to developing excellence in creative practice. The appointed Creative Practitioner will be expected to:

- Effectively facilitate creative learning activities in school;
- Be actively involved in the project planning and development stages of the project;
- Develop working relationships with teachers and other school staff that are characterised by trust and openness;
- Work with teachers and pupils to develop a creative learning community in the school based on collaborative and reflective practice with a view to embedding sustainable change;
- Share their personal creative journeys with learners and demonstrate pathways into careers in the creative sector;
- Be able to relate to young people in ways that are different from the teacher/learner relationship. This difference is hard to define, but is usually characterised by a greater degree of informality, openness and negotiated practice than might ordinarily be observed in relationships between teachers and pupils.
- Work alongside teachers and other school staff in the classroom, in ways that allow both skill sets to complement each other. The strength of the collaborative partnership lies in partners' understanding of their distinctive and complementary skill sets. Creative Practitioners should maintain the mind-set of an external partner, while the teacher makes full use of their expertise and knowledge of pupils' needs and abilities;

- Work with teachers and pupils to develop a feasible project to achieve the agreed project outcomes within the budget and timescale available.

### **FEES, SCHEDULE & BUDGET**

The project has an overall budget of £8000 to cover all fees, reasonable expenses and materials. The successful candidate(s) would be expected to feed into the initial outline planning for the project prior to **9 December**. The project will take place between **November 2016 and May 2017**. The dates are negotiable and will be agreed with the successful candidate(s), considering the school day, availability of teachers and teaching periods.

### **The selected practitioner will be required to:**
